Mr. Paul Beckham, Jr.
262 South Pavilion
Village of Cross Keys
Baltimore, Maryland 21210

Dear Mr. Beckham,

It was a pleasure meeting you last week and I do appreciate the time we spent reviewing the work that your company has done for us.

As I told you, we are delighted with the services we have received from Technical Data Systems. All of your personnel have been extremely helpful.

When we purchased our IBM 5110 in September we were all novices, but thanks to the patience and cooperation of Robert Holmes and the rest of your staff, we now have both our membership and payroll programs running smoothly.

We are currently entering data for the General Ledger program and will have that in operation shortly.

I hasten to add that our membership needs were quite unique, but the program you supplied meets our specifications perfectly.

Please convey our sincere appreciation to your staff.

Sincerely,

Charlotte R. Blum
Director Business Operations
